Date- 15th April 2024, Monday Time- 9 am to 1pm

Venue -Bharati Vidyapeeth (DU)

**School of Audiology Speech Language Pathology,
4th Floor, Homeopathy Hospital Building, Katraj, Pune**

We often take communication for granted until it is affected.

**Individuals with Parkinson's Disease are likely to have problems in
voice, language and cognition, which in turn affects communication.**

**Another important function that Parkinson's Disease might hamper,
is swallowing.**

**The camp would include FREE Screening, assessment of voice,
speech, language, cognition,
and swallowing skills for individuals with Parkinson's Disease**

**Counseling and preliminary management strategies for voice, safe
swallowing, cognition and communication**
