

World Voice Day 2026

You're invited to a free networking event

Connect with international researchers at our upcoming networking event

We are delighted to invite you to celebrate World Voice Day 2026 and the 10th Anniversary of the Australian Dysphonia Network (ADN).

This special event, featuring voice experts from across the globe, will provide you with a unique opportunity to meet with leading clinicians and researchers in the field.

It will also feature a series of short talks from international and local speakers on the latest developments in voice assessment and management.

Guest speakers

A/Prof Nazaneen Grant: *Otolaryngologist*

Louise Maher-Bale: *Founding Chairperson ADN*

A/Prof Cate Madill: *Speech Pathologist, Co-Director Sydney Voice Lab*

A/Prof Daniel Novakovic: *Otolaryngologist, Co-Director Sydney Voice Lab*
