Speakers Word

Dr. Dunja Milicic, *Hospital da Luz Arrabida, Portugal*

Conference was really exceptionally well organized. I am going around the world already 30 yrs in conferences - and might say that I have seen ... a lot. I really enjoyed this conference. Your help was exceptional and valuable. Almost two yrs of interaction between us and every went smoothly. All best to you, personally. Hope to see each other on one meeting.

Serban San-Marina, *Biostatistix, Toronto, Canada*

I would like to take this opportunity to extend to all organizers of the 2nd World Congress on Otology, Rhinology & Laryngology held on September 19-20, 2022 in Paris, France, my sincere congratulations for a job well done! The conference facilities were excellent and the staff and hotel services were first class. The organizers had assembled a wide array of presenters from many ENT subspecialties and their presentations were received with great interest by the audience. All in all it was a great end-of-summer, back to work experience and I am looking forward to the next installment of this prestigious international congress.

Victoria Al Karaki, *Eye and Ear Hospital International, Holy Spirit University of Kaslik, Lebanon*

Very Well organized conference. Location and venue are excellent. The schedule is very well defined.

Vasil Darakchiev, *Medical University of Sofia, Bulgaria*

I enjoyed listening to most of the presentations, particularly the keynote speakers. The event was well organized and managed by Coalesce Research Group. More keynote speakers would draw more attention to the congress and for me personally it would be even more helpful and educational to attend. There were many young doctors presenting, which was impressive!

Sébastien Arnaud, *Arnault Tzanck Mougins Private Hospital, France*

Interesting discussions with other doctors. Rare Case Reports. Good Organization

Syed Muhammed Tipu Sultan, *Chittagong Medical College & Hospital, Bangladesh*

I want to thank Coalesce Research Group for Organizing Otorhinolaryngology 2023 successfully

Shivanchan Rajmohan, *Frimley Park Hospital, UK*

This was a 2-days conference packed with stimulating talks covering a breadth of topics in otolaryngology. Listening to ENT surgeons worldwide was a fantastic experience. Looking forward to the next conference.

Sponsorship
